

Yurii Myronov

Lead Developer at [Dlupal Software](#) · Prague, Czechia

[GitHub](#) · [LinkedIn](#) · [Email](#)

SUMMARY

I am a full-stack web developer with experience in backend (Python, Django, FastAPI) and frontend (Vue.js, Nuxt). I enjoy building reliable and user-friendly applications — from backend architecture to intuitive interfaces. Always eager to learn new technologies, I focus on teamwork and creating projects that deliver real value to users.

EXPERIENCE

Dlupal Software — **Prague, Czechia** (*Jul 2023 – Present*)

- **Lead Programmer** (Jan 2025 – Present, Hybrid)
- **Backend Developer** (Jul 2023 – Jan 2025, On-site)

EDUCATION

Brno University of Technology — Faculty of Information Technology (*Sep 2020 – Aug 2024, Incomplete*)

Kherson National Technical University — Bachelor of Technology - BTech (*Sep 2017 – Jun 2021*)

SKILLS

Backend: Python, Django, FastAPI

Frontend: Vue, Nuxt, Quasar, Tauri, Capacitor

API: REST, GraphQL, gRPC

Databases: PostgreSQL, SQLite, MongoDB, Redis

DevOps: Docker, Nginx, GitHub Actions, GitLab CI/CD

Testing: Pytest, Newman

PROJECTS

- **Library** · *GitHub* — A Clean Architecture Example in Python
- **Notes** · *Web* — Self-hosted notes vault with graph and folder views
- **Text Book** · *iOS* — Mobile application for notes, supports Markdown
- **OTP Genie** · *iOS* — Generating OTPs and managing 2FA on iOS

LANGUAGES

Ukrainian, English, Czech
