About me

I am a full-stack web developer with experience in backend (Python, Django, FastAPI) and frontend (Vue.js, Nuxt). I enjoy building reliable and user-friendly applications — from backend architecture to intuitive interfaces. Always eager to learn new technologies, I focus on teamwork and creating projects that deliver real value to users.

Experience

**Dlubal Software**

Full-time • 2 yrs 10 mos  
Prague, Czechia

- Lead Programmer**  
Jan 2025 - Present • 1 yr 4 mos  
Hybrid
- Backend Developer**  
Jul 2023 - Jan 2025 • 1 yr 6 mos  
On-site

Education
